Be our guest at iOpener Connect!

It's a complimentary, virtual place to connect, specially designed to support leaders like you through these disrupted times. We're inviting you to be our guest at iOpener Connect. It's where you and five other like-minded professionals are brought together into a virtual pod for a one hour conversation on a routine basis. In that hour, your iOpener coach facilitates a structured conversation that helps you all share your thoughts and discover solutions to your specific business challenges of the day.

Making a difference one conversation at a time

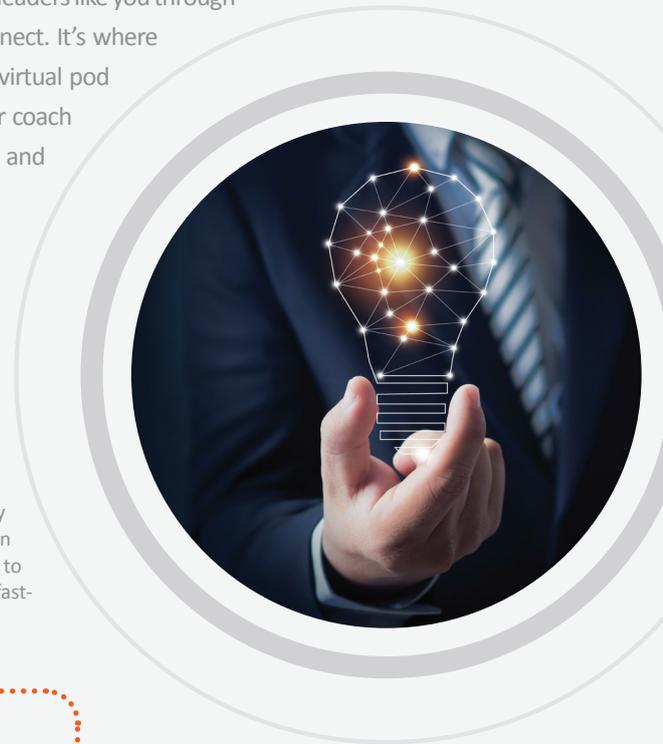

How does it work?

Your iOpener Connect conversations amongst your group of six will be facilitated by a professional coach from iOpener on Ring Central (powered by Zoom). Each session will follow a tried-and-tested conversational methodology; all of which are designed to support your group members to progress through their issues to find a solution or to fast-track their thinking towards a defined goal.

Why? Because it's the right thing to do.

This is what human beings do in times like this. We step up. We support one another. And, at iOpener, we have the professional skills to be able to make a difference to people one conversation at a time. It's the right thing to do. Simple as that.

The session methodology could be Action Learning, Observed Coaching, Peer Consulting or other. At the beginning of each session, we will (re)contract our promise of confidentiality within the group. We will ask for your word that no conversations are to be shared outside of the group. Ahead of each conversation, you will be shown where to access the session handout. Other resources of interest will be shared with you following your one hour video call.

Join the conversation!

So, please register your interest and join us in one of our iOpener Connect groups of six and we'll send you the link to where it's happening. <https://iopenerinstitute.typeform.com/to/RAKOWC> For more information, please email: info@iopener.com
